

Weekly Report 3

Team 40

Project Title: Design an interactive learning platform to engage large size classroom

Date: 10/21/21

Members: (Roles to be decided until project plan)

- Robert Walling - FrontEnd
- Nick Oswald - FrontEnd
- Michael Kies - Backend
- Vance Kaw - Backend
- Jeremy Tracz - Frontend
- Daniel King - Backend
- Brian Sayre - Backend

What we've accomplished in the past week/what we've been researching

- Robert Walling - Worked on design assignments and diagrams
- Nick Oswald - Worked on design assignment, graphs, and started working on the UI Mockup for the Project.
- Michael Kies
- Vance Kaw - Worked on the design assignment, contributed to the lightning talk presentation, and decided on roles for the project (frontend/backend).
- Jeremy Tracz - Helped team with design assignment and lightning talk. Provided project name.
- Daniel King - worked on design assignment, design lightning talk, set team roles
- Brian Sayre - We worked on the design assignment, lightning talks, and determined what people will work on for the project.

What we're planning to do in the coming week

- Robert Walling - Normal assignments, start mock ups
- Nick Oswald - Testing assignment, and continue to solidify the UI mockups.
- Michael Kies- Testing assignment, backend research, table mockup
- Vance Kaw - Testing assignment, start with research for backend resources and design.
- Jeremy Tracz - Testing assignment, UI mockups, lightning talk
- Daniel King - Testing assignment, UI mockups, etc
- Brian Sayre - Testing assignment, backend research/design

Issues we had in the previous week

- Robert Walling
 - No real issues here.
- Nick Oswald
 - No issues this week
- Michael Kies
 - Absolutely zero issues.
- Vance Kaw
 - No issues this week.
- Jeremy Tracz
 - No issues this week
- Daniel King
 - None
- Brian Sayre
 - No issues yet.

Team Member	Contribution	Weekly Hours	Total Hours
Robert Walling	Design assignment, lightning talk, set team roles	2	6

Nick Oswald	<ul style="list-style-type: none">Worked on design assignment, graphs, and started working on the UI Mockup for the Project.	2.5	6.5
Michael Kies	Testing assignment, backend research, table mockup. Also contributed to lightning talk as well	2	6
Vance Kaw	Worked on the design assignment, contributed to the lightning talk presentation, and decided on roles for the project (frontend/backend).	2	4
